Well planned for tomorrow!

### Today's Work Completed

1. **Solar panel setup** – Installed and arranged the solar panel system for camp use.
2. **Camp setup** – Set up and organize the camp area and essential facilities.
3. **Ground coordination** – Coordinated the team and managed ongoing ground work.
4. **Team coordination** – Communicated and coordinated with different teams, including **VON Kathmandu**, to ensure smooth field operations.
5. **Camp supplies** – Checked and organized essential food, personal-care items, and equipment.
6. **Team well-being** – Took a fresh river shower 😊😊 and refreshed after the day's work.

### Things Needed / Plan for Tomorrow – 9 September

- 2-pin plugs – **5 pcs**
- Khurpa – **2 pcs**
- Kodalo – **2 pcs**
- Toilet paper / wet tissues (for self whoever is coming)
- Soap bottles (also for self only)
- Water-purification (for your own safety but water is pretty clean here)

Note: For 2 meals we can use community kitchen, there will be kitchen team already, but carry stacks, coffee etc. 😊)

**Tomorrow's Plan:** Continue camp preparation, ground work, equipment management, and coordination with the different teams to keep the camping ground operations running smoothly.
